Dedication

Because she always has a smile and a word of encouragement for her students;

Because she is interested in helping students and teachers in any way she can;

Because she creates and maintains a pleasant, co-operative spirit during all her classes;

Because she offers strength and help to organizations with her sparkling contributions;

Because she is understanding and sympathetic towards the trials of others;

We, the seniors of 1957-1958, wish to dedicate this, the fourth volume of the Pioneer, to Miss Wanda Powell, Romney High School Home Economics Teacher.

Foreword

We, the Yearbook Staff of Romney High School, have tried to make a yearbook which would present our school as you would like to remember it. In years to come may you turn through these pages and recall the happy months at old R.H.S.

Superintendent's Message

Congratulations, graduates. This is your commencement. It is only the beginning. Carry on. Live in the present and the future. Don't think backward. When you stop thinking forward you are through. The only thing you will gain by saying nothing, doing nothing and being nothing is, perhaps, avoid some criticism.

It is my sincere wish that your secondary school experience has been pleasant and that as a result of it you are much better prepared to carry on in your chosen field of work and citizen in our society.

One of the greatest contributions you can make is to help make it possible for those following you to have even better opportunities than you have had. The best investment any society can make is to provide for its youth.

It has been nice to have you in our schools and I wish you well in all your undertakings.

A. Clinton Loy, Superintendent
Hampshire County Schools

Principal's Message

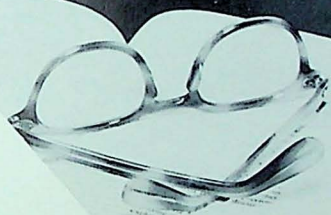

I am happy to extend my best wishes to the graduating class of 1958. This annual will help you remember with enjoyment the good times you have had with your friends, and with satisfaction the profitable hours you have spent in the classroom.

Fruits cannot be grown without the planting of seeds. Great leaders do not arise spontaneously in the midst of a people; they come because they have been nourished and developed by conditions and institutions such as the high school.

We of the faculty hope we have helped to plant within you the seeds of scholarship, ethics, service, leadership, and citizenship, so that you may make worthwhile contributions to your school, your community, and your country.

Sincerely,

Robert B. Harper
